

RODRIGO LÓPEZ GUERRA

Buenos Aires, Argentina | rodrigolopezguerra@gmail.com | www.linkedin.com/in/rodrigolopezguerra

PROFESSIONAL PROFILE

- Product & Strategy Leader with over 20 years of experience combining business acumen (MBA) and technical execution (Bachelor's degree in Computer Science).
- Proven track record of scaling massive digital products and optimizing complex operations.
- I maintain a hands-on mindset and a passion for agile product development, from backlog definition to launch.
- Experience in eCommerce, payments, OTT, and logistics ecosystems to drive the growth of technology companies, ensuring accurate and user-centric value delivery.

WORK EXPERIENCE

Fractional Product & Tech Advisor

Freelance | Remote

February 2024 – Present

- Team Scaling: Drove the scaling of over 100 people, leading Product and Technology.
- Product Management: Definition and prioritization of the roadmap, aligning business strategy with technical capabilities.
- AI Agents for Lead Qualification: Design of intelligent agents for lead qualification in the USA, optimizing conversion.
- Digital Health Product: Patient and appointment management platform for medical centers.
- Stakeholder Management: Coordination with stakeholders to translate needs into technical solutions.
- Working with Flydevs & EPIX

Software & Product Development Director

MERCADO LIBRE | Buenos Aires, Argentina

March 2022 – February 2024

- Led product initiatives at the leading eCommerce and Fintech company in Latin America, focusing on the democratization of OTT.
- Product Management and Strategy: Defined and prioritized complex product roadmaps, aligning technical vision with business objectives (OKRs/KPIs) to directly impact the bottom line.
- eCommerce Ecosystem: Optimized critical ecosystem flows (user experience, engagement, MAU acquisition), ensuring scalability and robustness.

- Agile Execution: Fostered a continuous delivery culture, working with Scrum/Agile methodologies to reduce Time-to-Market for new features.
- Technical Leadership: Acted as a liaison between business stakeholders and development teams, translating business needs into viable and scalable technical solutions.

Chief Technology Officer (CTO) & Product Lead

EXPANDIT FINTECH FACTORY | Buenos Aires, Argentina

November 2020 – March 2022

- Fintech Factory focused on digitizing traditional businesses and improving the user's financial experience.
- Requirements Definition: Led the gathering of needs with operational and marketing areas to transform them into clear functional specifications.
- User Experience (UX): Supervised the design and development of user-centric financial products, improving retention and conversion through data analysis.
- Backlog Management: Ultimately responsible for prioritizing tasks and features, ensuring the balance between technical debt and new features.

Co-Founder

CODI SOFTWARE | Buenos Aires Province, Argentina

November 2019 – November 2020

- Software development and digital transformation company.
- Product Life Cycle: Managed the complete life cycle of multiple digital products for clients.
